

**Are you passionate about creating a better world for children and youth?
Are you a problem solver? And initiator? Or both?**

Then you should apply for our incubator program no later than 8/9!

We are now looking for entrepreneurs with innovative ideas and business focusing on children and youth in Sweden. Everyone is welcome to apply!

This year we are also looking for you who are from **Ukraine**, alternatively you who are working with a solution for a problem/challenge for ukrainians in Sweden or Ukraine. Thanks to Kivra and Hogia we can offer this extra spot in the incubator.

Basic eligibility criterias:

- The applicant must be the founder of the business.
- The applicant must be a minimum of 18 years old.
- The solution, which the idea focuses on, has to have potential to be scaled to reach more children and youth (up to 24 years)
- You do not have to have a complete business model, but you must have a well-thought-out idea of how your business will be financed and sustainable. If you are accepted, make sure to have a budget to present.

Our incubator is designed to support social enterprises in the proof-on-concept and early-growth stages. We help social entrepreneurs maximize and effectively measure their social impact, strengthen internal capacities and increase revenues and typically lasts up to three years. The incubator support includes capacity-building and network connections. A place in our incubator also represents a stamp of approval because of our highly competitive selection process.

Incubator support includes:

- **Capacity-building.** We offer advisory, technical training, mentoring, coaching and peer-to-peer exchange across five key development areas: effective solution, financial sustainability, leadership and team, impact scaling and systems change.
- **Network connections.** We connect our social entrepreneurs to our local and international network of experts and funders, with the aim of creating new learning opportunities, partnerships and sources of revenue.
- **Stamp of approval.** In addition to assistance with capacity building and access to network and grant funding, a place in our incubator represents a stamp of approval because of our highly competitive selection process.

Apply by filling out the application form latest 8/9.
